Dear Allan:

Thanks for yr note.

But I havent received any money from yr present production as yet. If this is S.French's fault, cd you tell their L.A. office what the situation is in this regard?

If we are taking the route of regarding all the old contracts ^{as} still in force, then Bob Roth and I must go over all the old agreements and see, for example, what, under such arrangements, Stern and Devane owe me.

So there will be a little delay here. For one thing I am just leaving for my Maryland job. Secondly, I must get Stern's letter off to Bob Roth, and show Bob a carbon of this one that I am sending to you.

If there is heavy pressure of time, have your attorney call Bob. I dont want to be at the center of this negotiation as I am likely to slip up -- as you know. That is why one has an attorney. So let the attorneys handle the business now, ok?

I still hope for the best -- while admittedly fearing the worst, as ever

Eric Bentley
